Dear Mr. Howell:

In accordance with the procedures set forth by the National Conference on Interstate Milk Shipments, this is to advise you of new results from a KY Milk Sanitation Rating which was conducted on 11/07/2014. The purpose of the rating was to determine the compliance of the producer with the US Food and Drug Administration Public Health Services 2013 revision of the PMO.

The compliance rating for BJK Inc was acceptable for listing in the IMS Listing

This rating will be submitted to the FDA with a recommendation for publication in the IMS listing upon receipt of a signed "Permission to Publish" form.

If you have any questions, please feel free to contact me.

Sincerely,

Brian McAnelly
